By Train

Southampton Central train station is served from all parts of the UK, from where the free CityLink shuttle bus will drop you outside the Red Funnel Ferry Terminal.

The hi-speed passenger only ferry service takes just 22 minutes to reach Cowes and runs every half hour. You cannot book this, just turn up. 0870 444 8898.

Once in Cowes come out of the ferry terminal onto the High Street and turn left. Walk all the way up the high street past Beckford Road until you reach the Police Station on your right and The Duke of York pub in front of you. Turn right up Mill Hill Road, and we are number 59 on the right hand side. This walk will take 5-10 minutes. It's uphill so if you have heavy luggage you may want to hop in a taxi at the Terminal, usually about £3.

The ferry arrives in East Cowes. You need to cross the River Medina to Cowes. Either take your car on the Chain Ferry known as the Floating Bridge for £1.40, which runs continuous crossings throughout the day (05:05 - 00:20) or drive to Cowes via Newport which takes about 20 minutes.

Directions to Chain Ferry (Floating Bridge):

Come out of the ferry terminal and go straight over the mini-roundabout onto Well Road. As you go up the hill, follow the road round to the right and take the first right turn into York Avenue. Continue straight down York Avenue, and keep in the left lane for the chain ferry (get your change ready! £1.40). Once across the river, follow the road round to the left and up the hill - this is Mill Hill Road, we are number 59 on the right hand side. We have parking for up to 4 cars just to the right of the building.
